|-----------|--|
| KARMA-139 | As a creator/editor user, I want an editor so I can add bold, italics, underlining, etc. to a KA |
| KARMA-77 | As a user, I want to search for KAs by keyword in the content so I can easily find information |
| KARMA-75 | As a user I need to be able to access the system in ways that support people with disabilities, including visual, mechanical or cognitive disabilities. The system will support WCAG 2.0 |
| KARMA-74 | As a user I need to log in and out of the application so that content can be tailored for me. |
| KARMA-66 | UX design a grid view of a dashboard |
| KARMA-63 | As a user I want a single place to view my relevant information based on my permissions |
| KARMA-62 | UX design permissions interface |
| KARMA-61 | UX design features that provide insight into the value of a KA |
| KARMA-60 | UX design search interface and results views |
| KARMA-59 | UX create interface for assigning users and/or artifacts |
| KARMA-58 | UX create templates |
| KARMA-57 | UX create the interface and workflow for approval process |
| KARMA-55 | UX design of notifications/alerts |
| KARMA-54 | As an owner/approver user, I want to easily identify the state of a KA to know whether I am reviewing the latest version, or another user is editing. |
| KARMA-51 | As a creator/editor user, I want to insert diagrams or images into a KA (ex. jpg, vsd, etc) so that I can use diagrams/images created with external tools. |
| KARMA-50 | As an owner/approver, I want to resubmit the KA to the creator/editor with comments if a KA is not ready for approval. |
| KARMA-48 | As a creator/editor user, I want to create a KA by copying from existing KAs so that I don't have to re-create knowledge content |
| KARMA-47 | As an owner/approver user, I want to know the history of changes to a KA so that I can better analyze the significance of a change |
| KARMA-46 | As an owner/approver user, I want to know the descendants of a KA so that I can assess the value of that KA |
| KARMA-45 | As an owner/approver user, I want to specify users that can review my KAs so that unauthorized users can not view my content before it is approved. |
| KARMA-44 | As an owner/approver user, I want all authorized users to be able to access published KAs so that knowledge can be shared |
| KARMA-43 | As an owner/approver user, I want to specify users that can create or edit my KAs so that unauthorized users can not alter my content. |
| KARMA-42 | As an owner/approver user I want to identify mandatory fields in KA templates so that KAs of a certain type contain a minimum set of required knowledge content |
| KARMA-41 | As a user, I want to drill down from summary KAs to detailed KAs so I can fully understand knowledge of interest. |

KARMA-40	As a creator/editor user, I want to create links between related KAs so that users can easily find related KAs
KARMA-39	As a creator/editor user I want to create a detailed KA so that interested users can fully understand the knowledge
KARMA-38	As a creator/editor user I want to create a summary/outline KA so that not all users have to read all the details
KARMA-37	As a practitioner user, I want to find detailed KAs so that I fully understand how to use the knowledge
KARMA-36	As an executive user, I want to find summary KAs so that I don't have to read every detail
KARMA-35	As an owner/approver, I want to have someone other than the editor review a new or changed KA so that I can improve the quality and consistency of the knowledge content
KARMA-34	As a creator/editor user, I want to assign a KA to an owner/approver so that the KA can be approved and published
KARMA-33	As an owner/approver user, I want to assign a KA to a creator/editor so that the KA can be updated
KARMA-32	As an owner/approver user, I want to review and approve a KA before publishing so that users see accurate and valid knowledge
KARMA-31	As an owner/approver user, I want to collect feedback on a KA so that I can understand how to improve the KA
KARMA-30	As an owner/approver user, I want to know how frequently a KA has been accessed so that I can assess the utility of the KA
KARMA-29	As an owner/approver, I need to be notified when a KA is ready for approval so that I can quickly act on the approval process
KARMA-26	As a user, I want to find KAs with a particular topic (e.g. tags) so that I can find knowledge related to a particular topic
KARMA-25	As a user, I want to find KAs by following links in existing KAs so that I can find related content.
KARMA-24	As a user, I want to search for KAs by type so that I can find similar content.
KARMA-23	As an owner/approver user I want to control access to knowledge articles so that knowledge is not altered or viewed by unauthorized users
KARMA-21	As a creator/editor user I want to create a KA from an existing file so that I don't need to re-enter information
KARMA-20	As a creator/editor user I want to create a KA from a template so that knowledge of a certain type is represented in a common way
KARMA-17	As an owner/approver user I need to assess the value of knowledge articles so that I can update and approve them
KARMA-16	As a creator/editor user I need to find relevant knowledge so that I can reuse use to create new knowledge articles
KARMA-15	As a user I need to receive a notification when the status of relevant knowledge articles are changed so that I can take appropriate action
KARMA-14	As an owner/approver user I need to define rules for life cycle management so that knowledge articles are current and accurate
KARMA-13	As an owner/approver user I need to define rules for creating new Knowledge Articles so that similar knowledge types have consistent content and format
KARMA-12	As an owner/approver user I need to publish/promote knowledge articles so that they can be viewed by other users in the group or organization

KARMA-11	As an owner/approver user I need all new or modified knowledge articles reviewed so that the content is more accurate and consistent
KARMA-10	As a creator/editor user I need to create/edit knowledge articles so that I can share knowledge with others

Progress:

10 of 10 issues have been resolved

KARMA Sprint 0

KARMA-9	Identify Risks
KARMA-8	Define Technical Strategy
KARMA-7	Develop Release Plan
KARMA-6	Define Work Environment
KARMA-5	Define Test Strategy
KARMA-4	Create Initial Epics
KARMA-3	Kick Off Project
KARMA-2	Explore Initial Scope
KARMA-1	Identify Team
KARMA-53	Document UX exercises conducted during Discovery

Progress:

12 of 12 issues have been resolved

KARMA Sprint 1

KARMA-111	As a user, I want to be able to create, edit and delete a knowledge areas so that I can categorize KAs in appropriate knowledge areas.
KARMA-108	As a user I need to be able to delete topics (e.g. tags) so that I can search KAs by topic
KARMA-106	As a user I need to be able to create topics (e.g. tags) so that I can search KAs by topic
KARMA-72	As a user, I want to be able to log out of the application so that I no longer have access to the application's functionality.
KARMA-71	As a user, when I am presented with the welcoming page, I do not want to be able to log into the application if I do not have proper authorization.
KARMA-70	As a user, when I log into the application, I can change my password so that the password is meaningful and secure.
KARMA-69	As a user, when I log into the application, I want the application to limit my capabilities and functionality so that I only have access to areas that are pertinent to my role.
KARMA-68	As a user, when the welcoming page becomes available, I want a means to log into the application so that the application can give me access based on my role.
KARMA-67	As a user, when I launch the application, I want to be presented with a welcoming page so that I have an indication that the application has launched successfully.
KARMA-64	UX design a dashboard interface for each user group
KARMA-56	UX design an interface that allows users to create and/or edit a KA
KARMA-19	As a creator/editor user I want to create a KA with formatted text so that I can share any kind of knowledge

Progress:

10 of 10 issues have been resolved

KARMA Sprint 2

- KARMA-110 As a user I need a list of topics (tags) that I've recently accessed so that I can go back to the topic I recently accessed
- KARMA-103 As a user I need to select a knowledge area from the list of knowledge areas so that I can navigate to the knowledge area
- KARMA-102 As a user I need a summary list of KAs in a Knowledge Area so I can quickly browse all available KAs
- KARMA-100 As a user I need a list of knowledge areas so that I can quickly find the knowledge area of interest
- KARMA-76 As a creator/editor user I want to edit a KA with formatted text so that I can share any kind of knowledge
- KARMA-64 UX design a dashboard interface for each user group
- KARMA-56 UX design an interface that allows users to create and/or edit a KA
- KARMA-28 As a user, I want to find KAs that are frequently accessed so that I can find information that others find useful
- KARMA-27 As a user, I want to find KAs that I have recently accessed so that I can quickly find information I am interested in.
- KARMA-18 As a user, I want to search for KAs by keyword in title so I can easily find information

Progress:

10 of 15 issues have been resolved

KARMA Sprint 3

- KARMA-137 As a user, I want a filtered list of knowledge articles on my dashboard
- KARMA-132 Document research findings
- KARMA-131 Create personas
- KARMA-130 Create test data for user history
- KARMA-129 Create test data for KAs and knowledge areas
- KARMA-116 As an admin I want the ability to assign owner and editor roles so that I designate approval and creation authority
- KARMA-109 As a user I need to list knowledge areas that I recently accessed so that I can navigate to an area I've been working in
- KARMA-107 As a user I need to delete a knowledge area so that I can remove obsolete knowledge areas
- KARMA-105 As a user I need to delete a KA so that I can remove obsolete KAs
- KARMA-104 As a user I need to select a KA from the KA list so that I can edit, view, or delete the KA
- KARMA-102 As a user I need a summary list of KAs in a Knowledge Area so I can quickly browse all available KAs
- KARMA-73 As an admin user, I want the ability to manage users on the application so that I can administer roles.
- KARMA-52 Create user flow for product
- KARMA-49 As an creator/editor user, I want to classify a KA by type so that users can find similar content
- As an owner/approver user I want to define KA templates for a type of knowledge so that the resulting KAs are consistent and complete
- KARMA-22

Progress:

3 of 7 issues have been resolved

KARMA Sprint 4

- KARMA-144 Logged in user name not displaying correctly
- KARMA-143 Review BDD test coverage
- KARMA-142 Complete documentation for RFI response.
- KARMA-141 Integrate latest UI design recommendation - Level 2 pages.
- KARMA-140 Knowledge areas not working correctly.
- KARMA-138 Usability Testing
- KARMA-52 Create user flow for product
